OUR STORY

There's always been music happening in places no one talks about. Basements. Warehouse floors. Rooms with nothing but a red light and sound.

black.tape exists to broadcast what's been hidden. To take the raw, emotional energy of local underground DJs and let it travel city to city, scene to scene — without softening the edges.

This isn't about mainstream. It's about real people building real culture — from Calgary to Tokyo, Berlin to Manila.

We aren't here to become the biggest.
We're here to become unavoidable.

OUR PERSONALITY

The energy of black.tape is unfiltered, unpolished. Edges visible. Scars show. That's the point.

RAW NOT POLISHED.

Every set is tied to a city. Local DJs, local rooms, local sound. But once it goes live — it's everyone's.

GLOBAL BUT LOCAL.

No fake hype, no corporate energy. We let the room speak. We let the music speak.

CONFIDENT BUT QUIET.

If it feels too polished, too commercial, too staged — it's not us.

UNDERGROUND, ALWAYS.

LOGO SYSTEM

The black.tape logo represents the core identity of the brand. Raw, understated, recognizable in any environment.
